

BOUTELLE & BURR, PROPRIETORS.

THURSDAY, OCT. 21, 1880.

REPUBLICAN NOMINATIONS.

For President: JAMES A. GARFIELD, OF OHIO.

For Vice-President: CHESTER A. ARTHUR, OF NEW YORK.

FOR PRESIDENTIAL ELECTORS.

NO CHANGE WANTED.

The Business Men Thoroughly Aroused.

Never, in the history of this country, were the business men more thoroughly aroused than at the present time. The industries of the country are threatened by the policy of the Democratic party; manufacturing establishments in which are invested untold wealth, and which are now humiliated by the music of busy industry, would be closed and the machinery become silent, should our markets be closed to the products of countries where labor is more abundant and where the cost of production is less than in this country. The result would be a general depression of the country, and a heavy business men of the country should be alarmed. A "change" would also work disaster in financial circles.

The November number of the North American has a notable article on "The Political Situation in a Financial Standpoint." It bears the signature of E. D. Morgan, J. J. Astor, Hamilton Fish, Robert Lenox Kennedy, J. Pierpont Morgan, E. P. Fabry, Charles B. Russell, John A. Stewart, J. D. Vermorel, Henry F. Vill, Benjamin B. Sherman, David P. Williams, J. M. Macy, Samuel Sloan, Levi P. Morton, George D. Willard, Jesse Seligman, George T. Adee, Cyrus W. Field, John W. Hill, Isaac Sherman, and J. N. Phelps. These are names which are widely known, and which are not only known by name, but by the results of their work. It is not too much to say that these twenty-two gentlemen more entitled to speak upon the financial and commercial phases of the canvass which is to be terminated in less than two weeks at the polls.

These eminent bankers and merchants open their survey of the field by reminding the country that when, in 1860, the debt of the United States was only \$1,912,000, the government borrowed with ease at a rate of 10 per cent interest. Last year, though the debt of the United States was \$10,412,000, it was sold at a single day \$10,400,000 was offered to the government at 4 per cent, and it needed and accepted only \$121,000,000. Under the late Democratic Administration the public debt was increased to \$10,412,000, and the government was forced to pay 6 per cent. Within the last four years the public debt has been reduced \$153,843,102, or nearly six times the entire debt in 1860, and the United States is now a creditor of \$10,412,000. That presents the contrast between the two parties, and it is a fact which should be remembered by every citizen. The Democratic party, in its legislation and its platforms, has made repeated assaults upon the public faith and the credit of the country. Does the country want a change that will put this party in power?

FRAUDS IN ARROOSTOOK. Mr. Hiram P. Evans, who is now in the city, has given us some information concerning the fraudulent manner of voting in Arrostook county. In Benedita, the requirements of the law have never been complied with, inasmuch as the check lists were never used, neither have the voting lists been posted. At the September election 72 votes were thrown away, and were all Democratic. That is a commentary on the "boss" of the place, and is the only member of the board of assessors who can sign or write. At the recent election, on the 10th of September, the polls were opened in the afternoon, and closed in twenty-five minutes until evening, and the polls were again in the evening, and were not closed at 7 o'clock, when our informant left. A statement to the effect of the Secretary of State, that these like should be punished by throwing out the votes of the towns.

WORKING MEN, ATTENTION!

Democratic National Platform, 1876. "We demand that all Custom House Taxation shall be levied for revenue only."

Democratic National Platform, 1880. "A Tariff for Revenue only."

Republican Platform, 1880. "We re-affirm the belief, avowed in 1876, that duties levied for the purpose of revenue should be DISCRIMINATE AS TO FAVOR AMERICAN LABOR."

In the procession at the Republican Jubilee in Waterville, was a company of French Canadians, many of whom cast their vote in September for Blaine, and will vote for Garfield in November.

Woodward, the defaulting city officer of Boston, is a Democrat, although the question of politics has no bearing whatever upon his wrongdoing.

THE DEMOCRATS, if successful in the present election, will, as promised by them, largely reduce the import duty on all kinds of foreign goods, such as woolen, cotton and silk goods, hosiery, clothing, boots and shoes, hats and caps, etc., and consequently immense quantities of these commodities will be imported.

Workingmen engaged in manufacturing these goods all over the country will either be thrown out of employment or will have to work for the very low wages paid in Europe, and their present favorable position will be reduced to the level of European workingmen, while the position of the latter, under a better demand for their products from this country, naturally will be improved. The weekly wages of tailors in Europe are \$4 to \$7; shoemakers, \$3 to \$7.50; carpenters, \$5 to \$8.50; cabinet makers, \$3 to \$5; porters and truckmen, \$3 to \$5; and other workingmen in proportion. Now, if you want to work for these starvation wages, vote for Hancock and English. On the other hand, the Republicans, if successful in the present election, will retain the present duty on foreign goods, and wages naturally will be the same as they are now. Therefore, if you want to be sure that your wages will remain high, and that you will have steady work, vote for GARFIELD AND ARTHUR.

POLITICAL NOTES. The limited amount of capital that is now seeking Southern investment would be increased a hundred fold if it were known that life and property were as safe in the South as in the North.

3 2 9 Years for his Country. 2 Years in the Ohio Legislature. 9 Consecutive terms in the House of Congress.

IRISHMEN! Read these extracts from the platform of the two parties:

Republican National Platform, 1880. "We reaffirm the belief, avowed in 1876, that duties levied for the purpose of revenue should be DISCRIMINATE AS TO FAVOR AMERICAN LABOR."

Democratic National Platform, 1880. "A Tariff for revenue only."

Irishmen, if you vote against the Republican ticket and in favor of the Democratic ticket, you will reduce your own wages and increase the wages of English laborers.

Now stand up and be counted! "For the poor man's friend," has had poor luck, but he has not had as much as he deserves. He has been robbed by his own party, and he is going to be robbed again. He is the son of a man who once had a "difficulty" with a neighbor and got into the Sheriff's posse.

He has turned poor women into the cold for failure to pay rent. He put iron plates on his bedroom door to keep out thieves.

He said: "I am in the fish" anyhow; they have no business to be here." He robbed his grandchild's heirs of \$3,000.44; and he is going to be robbed again. He is the son of a man who once had a "difficulty" with a neighbor and got into the Sheriff's posse.

He paid a man who had a claim against him for \$1,000, in horse-car tickets of the road he owned.

He promised the Democratic party \$100,000 for the Vice Presidential nomination, and now he wants to cheat the party out of \$50,000 of the same.

He must have his good points, or the Democrats would not refuse to vote for him.

MAINE NEWS.

THE MISSING CIGAR MANUFACTURER.

A Mysterious Disappearance—Foot

Printed and Published by

GARDNER, Oct. 20. The mysterious

disappearance of Seidel, of Saco, who was

last seen in this city, is causing con-

siderable excitement. Detective Head of

Portland, is in charge of the matter, aided

by the police of this city and Augusta.

Seidel was last seen in Morrison's saloon,

and after leaving there could not be seen

again until the noon of a young man was

found who reported seeing a man who re-

sembled the description of Seidel at the de-

pot in the Plimouth train. The person who

is supposed to be Seidel stated to the young

man that he was going to Boston. After

the departure of the train a value was

found on the platform and was afterwards

identified as the property of Seidel. He is

reported to have had a considerable sum of

money. Full play is feared.

MANUFACTURING ESTABLISHMENTS.

Shut Down for Want of Water.

CAMDEN, Oct. 20. The woolen mill,

which works, and other mills, have shut

down their operations for want of water.

They have lately been running on high tide,

and the tide has been known to be so low.

FEARFUL RESULT OF A FIRE.

Five Women Lose Their Lives.

CAMDEN, Oct. 20. A shocking

calamity occurred to-day, in connection

with a fire in the shoddy manufactory of

Ben. Day. The fire broke out in a way

as to cut off all escape from the third

story, where a large number of women

were at work. The fire broke out in a

LOCAL MATTERS.

VOTING LISTS.

Copies of the Check Books of the

different Wards are now at the Re-

publican Headquarters. All Re-

publicans are requested to exam-

ine the lists this week and give Mr.

Colborn or Mr. Cook at the Re-

publican Headquarters any information they can

regard to changes or additions

which should be made.

The epidemic still prevails among

the horses in this city.

We understand that there is some talk

of enlarging Grand Army Hall.

Rosa, A. G. Lockwood, of Providence,

was at the Bangor House last night.

There were one hundred and thirty

arrivals at the Bangor House yesterday.

Mr. E. W. Haycock, formerly chief clerk

in the Calais post-office, is now connected

with a dry goods house in Chicago.

E. H. Hall has just received one hun-

dred new coats from New York, and in-

vites the ladies to call and learn his prices.

The committee to whom was referred

the matter of the proposed sale of the

B. & P. Railroad, held a meeting yesterday

afternoon.

W. A. Johnson announces that he can

be found at the usual place, Pickering square,

and is ready to do anything in the cloth-

ing line.

It is rumored that Bangor Division No.

10, of the Maine Central, will be

operated by members of the order from

out of the city.

Andrews' Orchestra will go to Rockland

to-day and play for the complimentary

ball at which Gov. Davis and Staff are ex-

pected to be present.

Daniel W. Garland, of this city, left at

his office yesterday, quite a curiosity in

the shape of a head of cabbage consisting

of forty small heads, each perfect in itself.

Messrs. Robinson & Arty have just

opened a full stock of clothing for ladies,

and are prepared to make in their custom

department cloaks and ulsters of every

description.

The Woman's Christian Temperance

Union will meet at the First Baptist

Chapel this afternoon at three o'clock.

Prayer meeting at four, to which the public

are invited.

Mr. F. W. Cram, Superintendent of the

E. & N. A. Railway, has gone to New

York and Philadelphia, and it is under-

stood that the object of his visit is to

purchase land.

Mr. F. O. Bell and a party of ladies and

gentlemen will start for Bluehill this

morning with a coach and six horses.

They will return to-morrow. We wish

them a pleasant trip.

The proprietors of the Hallowell Granite

Company have a contract with the

city of Auburn for furnishing considerable

quantities of granite paving blocks and will

send fifty carloads in all.

The product from eighty stacks of best

timber at Jerrard's Aroostook base,

Carleton, has been two tons and a

half, or five thousand pounds choice

timber, and fifty young sawlogs.

We understand that Wm. Bogel, Esq.,

has purchased about five hundred feet

square of land on the Brewer side opposite

the Catholic church, where he has

contemplated erecting a large ice house.

In accordance with the request of the

National Union, the Crusade will hold

prayer meeting Saturday afternoon, at half

past two, in the reading room on Franklin

street. A cordial invitation is extended to

all.

The ladies connected with the Relief

Corps are requested to meet at Grand

Army Hall this afternoon at the usual

hour. A good attendance is desired, as

business of importance will come before

the meeting.

Mr. Lyons, of New Orleans, and a party

of ladies returned from Moosehead Lake,

yesterday. They have been there during

the entire season, and were so well

pleased with the famous resort that they will

return next year.

The ladies of the Essex Street Free

Baptist Society will give an entertainment

at the church vestry this evening.

Entertainment to consist of music, recita-

tions, etc. Supper will be served on the

American plan from six to eight o'clock,

for twenty cents. Admission only ten

cents. A narrow path has been cut through the

forest to the top of Squaw Mountain,

Moosehead Lake, and this season that

APPLE CHOP. Were not for the

demand made by England for apples, it

is difficult to see how the crop could be

disposed of. The growers fully two hundred

thousand barrels of apples have been

shipped across the Atlantic, while many thou-

sand barrels have gone to the West Indies

and to the Southern cities of this country.

Apples are now so cheap that many hun-

dred barrels of them are sold to be fed to

horses. There is nothing better for a

horse sick with epizootic than root apples.

The lectures by Dr. Elizabeth J.

French have thus far been well attended

and the interest is daily increasing. We

are informed that these lectures are re-

spected with much interest by the faculty

of the Bangor University, and that Dr. French

has been very successful in her efforts in

popularizing her knowledge in such a way

that her hearers have no difficulty in com-

prehending its importance. Her efforts

are evidently well appreciated here by the

ladies, as we understand that a movement

is now on foot to secure a second course of

lectures.

FLAG-RAISING. A correspondent writes:

The "Boys in Blue" of Orrington, raised

a flag in Union Square, South Orrington,

Tuesday evening, bearing the names of

Garfield and Arthur, which was saluted

with the firing of cannon and cheers. The

flag of Orrington is awake, and when the

return from this town are read on the

evening of the second of November, you

will see that the loyal men of this town

have not forgotten those principles for

which the "Boys in Blue" have fought.

The season of the Maine Central, in con-

sequence of the heavy debt, incurred in

this road by the city. Out bonds are now

out for \$250,000, \$600,000 paying 6 per

cent, and \$3,000,000 paying 7 per

cent. The total annual interest is \$38,750,

and the net earnings from the road have

been \$10,000 to \$20,000 yearly to

paying the coupons, leaving quite a

sum to complete the payment of the

coupons to be made by the taxes and as-

signed upon the citizens. The voters of

this city, before the Constitutional amend-

ment had taken effect prohibiting foreign in-

debtedness, refused to raise loans because their

experience had taught them that the loans

that had been made on this road's account

were a great mistake. They feared that

experiments in this direction, and by their

action they had been misled. They had
